

Unpeeled Salt-Roasted Cashew Kernel Series

These product series are designed to help buyers quickly identify the applicable grade range and raw material origin for each unpeeled salt-roasted cashew kernel line.

Series	Origin	Available grades	Description
Sai Gon	Vietnam	A210 / A240 / A320 / A450	Premium unpeeled salt-roasted cashew kernels crafted from selected Vietnam-origin raw cashew nuts. Available in A210, A240, A320 and A450 grades.
Da Nang	Cambodia	A160 / A180 / A210 / A240	Premium unpeeled salt-roasted cashew kernels crafted from selected Cambodia-origin raw cashew nuts. Available in A160, A180, A210 and A240 grades.
Ha Noi	Africa	A180 / A240 / A320	Premium unpeeled salt-roasted cashew kernels crafted from selected Africa-origin raw cashew nuts. Available in A180, A240 and A320 grades.

Note: Grade codes such as A160, A180, A210, A240, A320 and A450 indicate the approximate kernel count range per kilogram for the applicable unpeeled salt-roasted cashew kernel size. Detailed product attributes, roasting profile, salt level, and packing specifications can be aligned with buyer-specific requirements upon request.
